ABSTRACT

This part briefly describes the content of your paper as abstract. The purpose of the abstract section is to explain concisely the primary accomplishments of your study to give a big picture to the readers. The desirable length would be around 5-10 lines. The background of the study comes first. Then the objective of your work follows. In the summary of your accomplishments, the new achievements should be highlighted. The contributions of the present achievements to the research and industry fields then briefly mentioned with expected favorable effects.

1. Introduction

This is a \LaTeX template file to prepare your manuscript for the Proceedings of the 54th Fluid Dynamics Conference / the 40th Aerospace Numerical Simulation Symposium.

Table 1 summarizes the manuscript formatting and how to submit the manuscript.

The manuscript must be converted to a PDF file. The source files (.tex) and PDF files must be compressed together into a single ZIP file and submitted to the following paper submission site by the submission deadline.

Submission site: <https://www.jsass.jp/egk/ryuriki/>
Deadline: Friday, October 6th, 2023

Do not include the presentation number in the paper title.

The last name of the author(s) should be written in capital letters in the order "last name - first name".

There is no limit to the number of pages in a manuscript, but manuscripts should be prepared to be between 6 and 12 pages.

The file size limit of the manuscript submission server is 10 MB. If the file size exceeds this limit, please contact ryu-anss-sp(a)chofu.jaxa.jp (change "(a)" to an "at sign").

References should be listed together at the end of the paper and in unnumbered sections. When references are cited, a citation should look like this ¹⁾ by superscript numbers and closing brackets ")" at the right shoulder of the text. Only references that are cited in the text should be listed.
